

PeakTech® 5055

PROD-ID: P 5055

[BACK](#)

Digital Sound Level Meter, 3 1/2-digit

An interesting extension of our line of sound level meters which is newly constructed. This digital sound level meter with 3 ½ digit 17 mm LCD and function indication offers manual ranging in 2 measurement ranges from 35 ... 100 dB/65 ... 130 dB and features 0,1 dB resolution. The fast/slow response, Data- and Max-Hold, and the built-in calibration check (94 dB) are the most convenient features of this instrument.

- Safety: IEC-61672-1/-2; DIN EN 61672-1:2003-10; DIN EN 61672-2:2004-08
- Wide measuring range with high accuracy
- Analog AC/DC-output
- Built-in calibration check
- A and C weighting
- Accessories: carrying case, battery and manual
