

USB TO PARALLEL PRINTER CONVERTER REFERENCE GUIDE

Thank you for purchasing the MANHATTAN® USB to Parallel Printer Converter, Model 317016, 317405 or 317474.

Ideal for connecting a computer USB port to a parallel printer, it helps deliver faster data transfer rates than a standard parallel port.

- Converts USB signals for use with IEEE 1284 devices – supports data transfer speeds up to 12 Mbps
- Bus power support requires no external power supply
- Plug and Play installation; Windows compatible; driver CD not needed for Win2000/XP/Vista/7
- Lifetime Warranty
